

# **Mobilise! Defend Palestine!**

## **Break the American connection!**

Join the anti-imperialist united front at the protest outside the ALP State Conference at 8am Saturday 18 May, Moonee Valley Racecourse, Feehan Ave, Moonee Ponds.

Israel's war on Gaza and the Labor government's support of this Zionist terror has been met with tens of thousands on the streets in protest week after week for over half a year. But the slaughter continues, and the situation of Palestinians becomes more dire by the day. Today the Zionist rulers threaten to unleash even greater death and destruction on the last pocket of refuge in Gaza. With each protest the numbers decrease, with little concrete impact against the onslaught.

The simple fact is, the movement will continue to dwindle unless it is organised on the basis of opposition to the U.S. alliance – the very thing which ensures that the ruling class and their Labor servants in Canberra will continue to back the genocide to the hilt. To revive the Palestinian movement it is urgently necessary to mobilise the broadest possible forces to break the Australian link in the U.S.-led imperialist chain supporting the Zionist killing machine.

We encourage those who agree to fight to Defend Palestine! Break the American Connection! to join us with full independence to argue for their strategy under these demands.
